Main Objective of the Program: The objective of the Induction program for students is to make the newly joined students feel comfortable, sensitize them towards exploring their academic interests and activities, reducing competition and making them work for excellence, promote bonding within them, build relations between teachers and students, give a broader view of life and building of character. The Universal Human Values component will act as an anchor, develops awareness and sensitivity, feeling of equality, compassion and oneness and draw attention to society and nature. It also makes them reflect on their relationship with their families and extended family in the college. It also connects students with each other and with teachers so that they can share any difficulty they might be facing and seek help.

Day 1: The Program started by Lamp lightening and Saraswati Vandana, followed by the floral welcome of 'Mr. Mukesh Waskale', Principal, MJP Govt. Polytechnic, Khandwa, the Chief guest of the Induction Program.

SHRI DADAJI INSTITUTE OF TECHNOLOGY AND SCIENCE, KHANDWA

Welcome address by Principal: Dr. Sapna Arzare Principal, SDITS welcomed the students and parents to the institute and congratulated them. She took upon her shoulders the greatest responsibility of introducing the age-old heritage of our society and the great history of our institution. She introduced the students and the parents to the Vision and Mission of the institute that focuses on providing quality education to all sectors of the society at an affordable cost.

The main highlights of her speech are:

- Our responsibility is to make our students' dream a success.
- She emphasized that hard work is going to be extremely essential during their 4year tenure with the institute.
- She highlighted the efforts the teachers take in using various ICT Tools, Student Centric Method, Smartboard and google forms other than the normal board work.
- She emphasized on the effectiveness of the mentoring system and requested the parents to actively correspond with the mentors for the update about their child. The mentors deal with the academic as well as personal problems of the students under the head called "Student Counseling Cell"
- We conduct several Guest Lectures, ISTE Students' Chapters, Industrial Visits, Industrial trainings, for the technical advancement of every student.
- Our Activities include blood donation camps, plantation drive etc creating an awareness among people to be human towards our fellow citizens and environment.
- Likewise, we have Sports activities and Grand Annual Cultural Gathering for the overall development of our students.
- We aim to fulfill the requirements of the companies and employers by producing graduates who will be technically strong which is the need of today.
- We train students to build their problem-solving ability, language fluency, stage daring, attitude, intrapersonal skills, interpersonal skills, mathematical skills etc.
- Training and Placements today requires a good academic record and technical skills, so the students should put in hard efforts for the next 4 years in order to have a beautiful life ahead.
